

# Saif Alushi, Software Engineer

CHICAGO, 60462, UNITED STATES · alushisaif@gmail.com · 7085060202

## DETAILS

## PROFILE

Full-stack software engineer with a focus on holistic solutions. As a dedicated entrepreneur with background expertise in Sales, Marketing, and Leadership, I help companies find technical solutions to maximize their potential.

## EMPLOYMENT HISTORY

### Software Engineer Immersive, General Assembly

Dec 2021 — Mar 2022, Chicago

Successfully completed 500+ hours of expert led instruction in full-stack development and hands on learning of programming fundamentals and the industry's most in demand technologies.

Developed projects, including:

- Collection: A website that lets users store moments from their game. Built with React, Django, Javascript/Python
- Grouper: Google Calendar clone built using the MERN stack, REST Architecture, User Auth/JWT.
- Trending-Anime's: A website showing the most popular anime and mangas. Built with React, React-Strap, React-Router, Javascript.
- HangMan: A browser based hangman game. Built with Javascript, HTML, Bootstrap.

### SMB Consultant, Uber

Aug 2021 — Jan 2022, Chicago

- Established and maintained client relationships.
- Successfully lead two pilots to market growing Ubers B2B market share by 3%
- Lead a team of 6 Account Executives and increased team revenue by 23% over two quarters.

### Sr. Account Executive, SwHaus

May 2020 — Aug 2021, Chicago

- Built and strengthened relationships with new and existing accounts to drive revenue growth.
- Helped implement go-to-market sales strategy using company data to accurately target our demographic.
- Managed Sales Department
- Generated over \$1M in revenue.

### Lead Project Account Manager, Chicago connect

May 2019 — Apr 2020, Chicago

- Delivered engaging and polished presentations to highlight products and draw favorable competitor comparisons.
- Managed high-value accounts through consultative ad campaigns, effective customer solutions, and promoting compelling business opportunities.
- Clients I have managed but not limited to: Xfinity, AT&T
